**END OF THE MEETING**

***The venue:***

The meeting will be held in Villa di Corliano, one of the splendid mansions of Tuscany. It was described by Vincenzo Pitti in 1616 as the “most beautiful palace in the neighbourhood of Pisa”. It is situated within the magnificent scenery of the Monte Pisano (“... *monte per che i Pisan veder Lucca non ponno.*” Dante, Inferno, Canto XXIII). More information concerning the Villa can be found at the following links:

<http://www.corliano.it/home.php?lang=en&redirect=http://www.corliano.it/>  
[http://en.wikipedia.org/wiki/Villa\\_di\\_Corliano](http://en.wikipedia.org/wiki/Villa_di_Corliano)

In addition to the beauty of the Villa and the hospitality of the hosts, the location is particularly apposite for the meeting. Between 1850-1854 it was a temporary residence of Carlo Matteucci, and it was also frequented by Giuseppe Moruzzi in the period of his historical research on Matteucci. During the days of the meeting visits to artistic and historical sites in the region of Pisa and Lucca are planned; these are connected in various ways with Matteucci and Moruzzi.

**Pisa has an airport and is well connected with many European cities, also through low-cost flights (Easyjet with Paris, many other cities through Ryanair).**

**Click here to obtain practical direction if arriving by car to the Villa. There is a bus service (run by the Lazzi company) from Pisa airport and in the proximity of Pisa train station to Corliano with buses approximately at every hour. The line is Pisa- Lucca via Ripafratta. The organizers will try if possible to send cars to pick up colleagues arriving to Pisa at both places. Please call the hotel (+39050818193) or Marco Piccolino's mobile (+393284909380).**
