

15 JANUARY 2018

Condorcet's **Building**  
4 rue Elsa Morante  
**75013- PARIS**

Welcome Coffee 9h

9h15 - 9h30 **Introduction**

9h30 - 10h10 - **Marie Gaille** (CNRS, Paris Diderot University)

*Medical care without recovery in the case of Parkinson's patients with Deep Brain Stimulation: What are the duties and goals of medicine?*

10h10 - 10h50 - **Ruud Ter Meulen** (University of Bristol)

*Solidarity in the care for people suffering from PD. About our obligations to support patients and their family carers.*

10h50 - 11h05 **Break**

11h05 - 11h45 - **Mathilde Lancelot** (Paris Diderot University)

*Waiting for accuracy of treatment, extending lives and diseases: Deep Brain Stimulation for Parkinson's disease in a long-term perspective.*

11h45 - 12h25 - **Marilena Pateraki** (National & Kapodistrian University of Athens)

*Parkinson's disease and Deep Brain Stimulation in Greece: Unpaid labor and practical knowledge.*

**Lunch**

14h - 14h40 - **Danielle Carr** (Columbia University)

*Experimental Subjectivity: Science Fiction Imaginaries and the Pursuit of Biomedical Exculpation.*

14h40 - 15h20 - **Sonia Desmoulin-Canselier** (CNRS, Nantes University)

*Patient's lived experience between research and care  
Legal issues.*

15h20 - 16h - **Jennifer Chandler** (Ottawa University)

*Legal and ethical issues in next-generation adaptive and patient-controlled Deep Brain Stimulation.*

16h - 16h15 **Break**

16h15 - 16h55 - **Baptiste Moutaud** (CNRS, Nanterre University)

*So Much Promise. Innovation and Translational Research in Deep Brain Stimulation for Psychiatric Disorders.*

16h55 - 17h30 - **Jonathan Pugh** (Oxford University)

*Psychiatric Applications of Deep Brain Stimulation and Mental Health Law.*

17h30 - 18h30 **Discussion on future perspectives for research and collaborations**

**Scientific Conception & Organisation :** Sonia Desmoulin-Canselier, Marie Gaille, Baptiste Moutaud, Mathilde Lancelot with Patricia Philippe and Laurent Lemoine's help.

Design Conception: Louis Vinet & Mathilde Lancelot

# International Workshop NormaStim

*Neurosciences from experiment to daily clinic :  
Legal, philosophical and sociological issues of Deep Brain Stimulation*

15 Jan. 2018  
Paris **Diderot**  
University (**75013**)

**Confirmed Guests**  
*Jennifer Chandler,  
Marilena Pateraki,  
Danielle Carr,  
Ruud ter Meulen,  
Jonathan Pugh*

**Room:**  
**Mondrian**  
**646-A**  
**6TH floor**  
**Condorcet**
