## Conditions de vente et observations générales.

1. Ce nouveau prix-courant annule tous les précédents.
2. Les numéros du catalogue correspondent à ceux du prix-courant. **Les objets dont les numéros sont précédés d'une étoile (\*) ne sont pas reproduits dans le catalogue.**
3. **Les prix sont sans engagement.**

*Nous mettons particulièrement en relief que certains articles employés dans notre fabrication, tels la baignoire, la gomme, le platine et l'écaillé, sont fréquemment sujets à des fluctuations de prix.*

4. **Les figures contenues dans nos catalogues ne nous engagent pas à livrer toujours pareil**; nous nous réservons de modifier les modèles suivant l'expérience et les besoins, tant en ce qui concerne la construction qu'au point de vue du matériel.

*Afin d'obtenir un perfectionnement ou une simplification de la construction des modèles, ou pour mieux suffire aux nécessités de la stérilisation, il arrive qu'à la longue nous soyons obligés de modifier tel instrument ou tel autre. **Les Errata** dans l'impression sont sans aucun engagement. **Le changement des prix est réservé.** Malgré une révision régulière, des vieux prix maintenant inexacts peuvent s'être maintenus; aussi est-il recommandable de nous demander chaque fois qu'il s'agit de différences de prix défavorables les prix de nos derniers calculs.*

5. **En nous passant des commandes**, on est prié, pour éviter des erreurs, **de toujours indiquer exactement le numéro respectif de notre catalogue, ainsi que le texte; en outre, on devra dire si l'article demandé doit être oui ou non aseptique.**
6. **Constructions spéciales:** Nous sommes toujours disposés à fabriquer spécialement des articles que notre catalogue ne prévoit pas, mais il sera indispensable qu'un dessin exact en grandeur naturelle ou, ce qui vaudra encore mieux, un échantillon tout fini nous soient remis. L'augmentation de prix que les constructions spéciales impliqueront sera aussi légère que possible. **Tous les dessins devront être envoyés sur des feuilles à part.** Pour ce genre de travail, nous ne pourrons pas accepter des délais de livraison relativement courts. L'exécution des commandes spéciales est acceptée par nous exclusivement **aux risques des commettants; d'ores et déjà, nous devons décliner de reprendre ou de changer les objets que nous aurons produits spécialement; d'autre part, les commandes spéciales, une fois mises en fabrication, ne pourront sous aucun prétexte être retirées.**

*Les modèles construits par nos clients et déposés chez nous en prévision de futures commandes ne seront utilisés qu'au bénéfice exclusif de leurs propriétaires. A ces échantillons de conformité, nous donnons, pour faciliter les nouvelles commandes, des numéros d'ordre, arrangement dont nos amis apprécieront de plus en plus la commodité et l'utilité.*

Quand on nous demande à nouveau des instruments faits spécialement, on est instamment prié, afin d'activer l'expédition, de nous indiquer chaque fois le numéro de notre

DON

B.I.U.M.

« Separat-Buch », « livre spécial » (S-B. no.), numéro qui se trouvera sur la facture précédente; en même temps, on devra nous adresser soit dessin, soit échantillon du modèle dont il s'agira, à moins qu'il ne s'en trouve un échantillon de conformité entre nos mains.

7. **L'emballage** se fait avec le plus grand soin, et chaque expédition a à passer un contrôle sévère; par conséquent, **nous ne répondons pas d'un manquant quelconque, ni de la casse, ni d'une détérioration.**

*Par expérience, nous savons que s'il y a des détériorations ou des pertes, celles-ci généralement ne surviennent que pendant ou après les opérations en douane. Pour s'en garantir, les destinataires devront prendre les mesures nécessaires.*

8. **L'expédition** se fera conformément aux instructions de l'acheteur et **à ses frais, risques et périls**, même lorsque nous payons, c'est-à-dire déboursions, les frais de transport. **Pour l'assurance**, nous avons **une police générale**, sur laquelle, si on nous en fait la demande, les envois par poste et par chemin de fer pourront être assurés; **pour des transports maritimes, le mode d'assurance à emprunter devra être convenu spécialement.** Nous ne nous engageons pas à pourvoir à l'assurance, mais nous nous réservons le droit, quand aucun accord spécial n'est intervenu, d'assurer, lorsque nous le jugeons nécessaire, certains envois aux dépens du destinataire.

9. **L'emballage** sera compté au prix-coûtant, et quand il nous est retourné franco et en bon état, nous le reprenons à moitié du prix facturé.

10. **Conditions de paiement:** A convenir.

**Nos prix s'entendent pour marchandise prise dans nos établissements de Tuttlingen**, en tant que notre prix-courant expressément n'indique rien d'autre.

**En cas de différend, Tuttlingen seul est à considérer comme lieu de livraison et de paiement.**

11. Passé 6 jours, à compter du jour de la réception de notre envoi, aucune **réclamation** n'est plus admise.

*Notre clientèle est priée d'ouvrir nos envois à l'arrivée et de comparer leur contenu avec notre facture. Dans le cas où le contenu des paquets ne concorderait pas avec leur inscription ou la facture, on voudra bien nous adresser sans délai une réclamation, en nous faisant tenir en même temps l'étiquette du paquet, sur lequel, par exemple, on aura constaté un manquant. Il se recommande toutefois de revoir, avant de réclamer, une seconde fois très consciencieusement tout l'emballage de notre envoi.*

**Des retours** sont tenus à la disposition du client jusqu'à ce que nous nous soyons mis d'accord avec ce dernier.

On mentionnera toujours **la date de la facture**, à laquelle **réclamation ou retour** se référeront.

**Aux retours et envois d'instruments à réparer**, il faudra ajouter **une liste.**

12. Quand on nous remet une commande d'au moins frs. 400.—, nous offrons au client **un catalogue** à titre gracieux; d'autres exemplaires de ce dernier seront facturés.
